

Which services can you expect from us?

TMG Technologie Management Gruppe

Being successful today requires holistic thinking. From the idea to product development, to production and operation. We, the TMG Technologie Management Gruppe, have been following this holistic approach for years.

Business Model Definition / Business Planning

Market / Product Excellence (MAPEX)

Innovate

Money is not earned with good ideas or inventions, but only by increasing and creating benefits from the customer's point of view.

- ▶ Technology Trends and Strategies
- ▶ BreakOut Innovation
- ▶ Requirements Management / Product Profile Planning
- ▶ Technology and Innovation Management
- ▶ R&D Management and Organization

Optimize

Successful companies eliminate or reduce the functions and costs in their products, which do not benefit the customer.

- ▶ Project / Product Program Planning
- ▶ Cost Engineering / Benchmark / Cost Comparison / Product Clinic
- ▶ Product Platform / Technology Building Kits
- ▶ Problem Solving

Operational Excellence (OPEX)

Industrialize

The key success factor for manufacturing companies is an industrial strategy focused on their business to manufacture their products.

- ▶ Make-or-buy Strategy / In- or Outsourcing
- ▶ Global Production and Procurement Networks
- ▶ Site Selection / Production Footprint
- ▶ Worldwide Supplier Selection and Qualification
- ▶ Retrograde Dimensioning

Create Value

Being able to recognize optimization potential quickly and to unlock it through targeted measures is the daily challenge for successful companies.

- ▶ Production Design / Restructuring
- ▶ Process Optimization / Order Processing
- ▶ ERP System Implementation and Optimization
- ▶ Supplier Management / Optimization
- ▶ Ramp-up Management / Productivity Increase

Project Coaching / Interim Management
